

Geography Transition to Sixth Form

Task 1: Who has the power now?

Over the next couple of weeks as Geography Homework I will be setting one research question per week that will get you thinking and engaging with content that is topical to the world we live in today.....

Who has the power now?

Research and complete a PowerPoint presentation on the key players in the current world struggle for power Outline the following 1. Who has the power now? Is America number one? Think China Russia Japan Europe 2. What elements of each country give them power over others eg. money, military, resources (gold, oil), technology 3. What does the future hold for each country you chose to investigate (pick a minimum of 3) This task should span over the equivalent of three lessons - Take you time - Read all you can -
