SIXTH FORM BULLETIN

WESTFIELD
ACADEMY

believe | strive | achieve

It is hard to believe that we are already at the end of the second term of this academic year. If you will be celebrating Easter, Ramadan or Passover during this holiday, we hope that you enjoy your time with family and friends. The next term will be a very busy one with exams for both year 11 and year 13 students. We have arranged a number of revision sessions during the holidays. Letters have gone out to parents with full details.

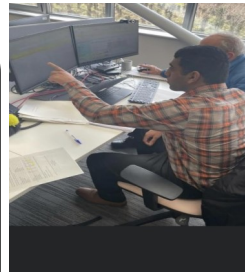

Work Experience

Our year 13 Business students recently completed a week of work experience. The students sourced their own placements in a range of local businesses. It was a very successful week with lots of complimentary feedback.

Countdown to exams

When we return to school after the Easter break, we will be exactly one month away from the first A level exams. Our year 13 students will no doubt be busy revising over the holidays but they must also take time to rest and prepare mentally for the exams. We wish them all the best with their exams

Countdown to exams — 47 days!!

Easter Revision

Please make sure that you read your recent parent mails regarding Easter revision. Students are expected to attend. Well done to all the year 13 students who have been staying after school to revise in silent study conditions. We are really proud of you all for your commitment.

Awards Assemblies

This morning we have had celebration assemblies for both year 12 and 13. There were awards for attendance, hard work and study. Well done.

Manny was particularly proud of his award acknowledging his improvement this year.

Law Society

Members of our Law Society attended a very interesting talk from a Solicitor. He was able to tell them about various careers within the law sector and the qualifications they would need to enter these.

The students took a keen interest and asked some really good questions.
