It is hard to believe that we are almost at the end of this academic year. Exams are over for year 11 and year 13 and they now have a nice long summer ahead of them. Our year 12 students are continuing to work hard in preparation for their UCAS exams which begin next week. We wish them success with these exams.

Football Academy news:

We are so proud of Nana Yeboah from the Football Academy who was awarded the National Football Youth League South Championship Golden Boot Award. This was in recognition of Nana scoring the most goals, not only in his team but across the whole league.

With the exams over, it is time for year 13 to celebrate all their hard work.

So you want to be a doctor

Three of our year 12 students went over to Watford General to hear about careers in medicine. They learnt about the realities of being a junior doctor by listening to those in the role now.

Nick Denys a local councillor recently came in to talk to year 12 students. He was impressed with the students and the questions they asked and has said he is looking forward to coming back next year.

Duke of Edinburgh Award

The students completed the expedition for their bronze award last week. They had to complete two walks and camp overnight. Luckily the weather was kind to them. They are now working on the volunteering and skills sections to complete the award. Well done to all involved.
